PROFILE

A creative person with a deep understanding of design, animation, video production, and technology. Strong project management skills enable on-time (or earlier) delivery of products in a professional, documented fashion. Enjoy developing innovative projects in the realm of digital imagery, computer animation, and interactive design.

PROFESSIONAL EXPERIENCE

WOODTV 8 - Grand Rapids, MI

Web Designer Internship

Worked on maintaining and developing new web pages for the woodtv.com website

Accomplishment: Using a PHP script, designed and implemented a dynamic photo gallery for viewer-submitted photos, assisted with the SUPPORT THE TROOPS campaign for the local Michigan area, and created two Virtual Tours to showcase the Newsroom and Control Room

DW VIDEO & MULTIMEDIA - Howard City, MI

Freelance Web Designer & Animator

Worked closely with multimedia producer Duane Weed and his clients on various projects requiring my expertise in website design, logo and product animation, and graphics for video

Accomplishments:

3D Design work (logos, products, and characters)

- Conceptualized and designed 3D models
- Painted or applied textures to all objects in scenes
- Lit scenes using basic lighting techniques
- Animated and provided motion to all objects in scenes

Web Design

- Developed web sites from concept through HTML-coding.
- Designed and completed layouts and original art using Photoshop, Illustrator, and other graphic applications
- Coded pages in HTML using HTML editors (e.g. Dreamweaver & Homesite)

CHANNEL ONE NEWS - Los Angeles, CA

Graphic Director Internship

Developed graphics for the newscast and decided which elements best supported and illustrated each story. Produced eye-popping animation imagery sequences.

Accomplishment: Managed a team of artists that produced over-the-shoulder graphics, show openings, bumpers, and text elements for the daily 20-minute nationally-broadcast news program, shown in middle and high schools.
